<p>During the American Revolution, the separation of the American colonies from Great Britain occurred on July 2, 1776. The Second Continental Congress voted to approve a resolution of independence, proposed by Richard Henry Lee of Virginia. After voting, Congress turned its attention to the Declaration of Independence, explaining this decision. This document had been prepared with Thomas Jefferson as its principal author. Congress revised the Declaration, approving it on July 4, 1776.</p>			1 Bingo- B. Alt Kitchen - T. Toler	2	3	4
